
Qubicle Voxelizer Module Download 1gb

Download >>> <http://bit.ly/2JmQYem>

About This Content

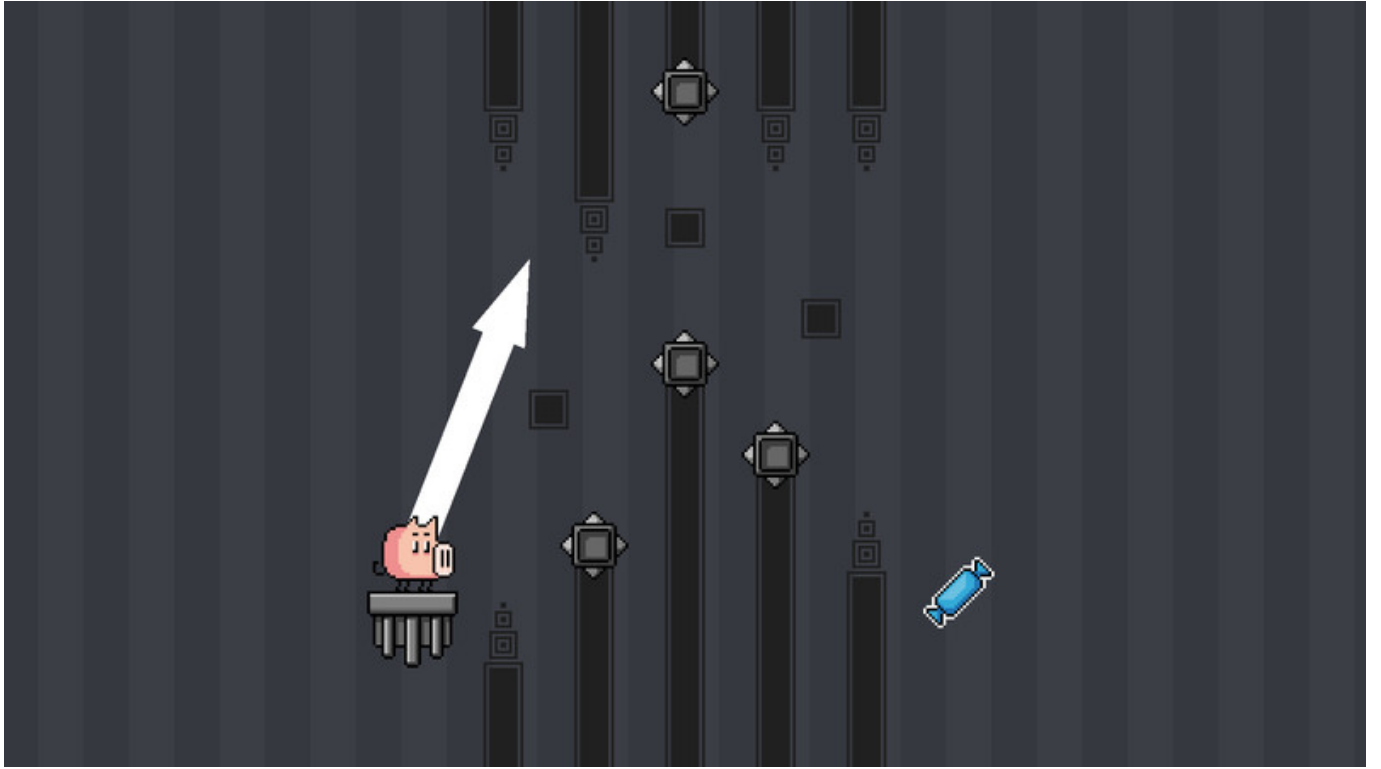

The Voxelizer DLC enables you to import and effortlessly convert standard OBJ meshes into voxelized models.

- Import OBJ with MTL and full texture support
- Rotate and scale loaded meshes in real time after import
- Imported meshes can be copied, pasted and duplicated like all other objects
- Voxelized meshes can be converted to regular matrices for manual editing

Title: Qubicle Voxelizer Module
Genre: Animation & Modeling, Design & Illustration
Developer:
Minddesk Software GmbH
Release Date: 21 Apr, 2016

b4d347fde0
